

**PROJECT
SHARE**

It's time to give back

I would like to thank Project SHARE for your support to all hemophilic patients. I couldn't be more grateful to you.

~ *Helen Edjan, Philippines*

Thank you so much for helping Daniel have his hip surgery, and for sending factor to him in Romania. He was hurting, but he never complained.

~ *Adriana Henderson, USA*

On behalf of my family, I would like to thank Project SHARE for the donation of factor IX for my son, Mikhail. Your assistance has been invaluable. We sincerely appreciate the help and generosity you have provided us.

~ *Maria Thelma Palacio, Philippines*

A heartfelt gratitude for the medicines you sent. Thank you for your kind hearted support.

~ *Abraham Tharakan, Kerala, India*

What Is Project SHARE?

Project SHARE (Supplying Hemophilia Aid and Relief) is a humanitarian program that donates factor, a lifesaving blood-clotting medicine, to patients with bleeding disorders in developing countries, and to the hospitals and nonprofit organizations that support them.

Since its inception in 2002, Project SHARE's donations have: allowed students to return to school; attracted rural patients to urban clinics for treatment and education; supported lifesaving surgeries and physiotherapy; empowered patients to take control of their health and wellness; and encouraged patients and families to create hemophilia societies where none existed.

Project SHARE ensures that tens of millions of dollars worth of factor, which would otherwise be destroyed, reaches impoverished people with bleeding disorders. This factor comes mainly from US patients who switch products, and from hemophilia treatment centers (HTCs) and home care companies with excess inventory. Project SHARE is the central advisory agency for anyone seeking information about donating factor overseas.

OUR VISION

A global hemophilia community where lifesaving factor is shared consistently and conscientiously, alleviating the suffering of patients in underserved countries, and empowering patients to actively participate in their own healthcare.

Our Mission

Encouraging the hemophilia community in developed countries to donate unwanted factor to developing countries, with the following goals:

- Attracting underserved patients to treatment centers
- Supporting camps, surgeries, and physical therapy
- Establishing independent hemophilia care
- Alleviating suffering and saving lives
- Fostering national hemophilia organizational development

Activities & Accomplishments

- Donated 4.4 million IU of factor (valued at \$4.4 million) to 31 countries.
- Donated 742 mg (valued at \$1.4 million) of NovoSeven to eight countries.
- Brokered donation of 320,000 IU of Koate DVI and 425,000 IU of Emoclot between Kedrion S.p.A and India.
- Brokered donation of 500,000 IU of AIMAFIX between Kedrion S.p.A and Pakistan.
- Emailed 12 monthly updates on all clotting products received and donated to Project SHARE partners, World Federation of Hemophilia (WFH), and other interested parties.
- Performed site visits to India and the Dominican Republic.

In 2013, Project SHARE shipped clotting factor to 31 countries, including **two new countries**, expanding our outreach to 70 countries since our inception in 2002.

- Afghanistan
- Armenia
- Bahamas
- Bangladesh
- Barbados
- Bolivia
- Cambodia
- Kiribati (Christmas Island)
- Dominican Republic
- Egypt
- Ethiopia
- Fiji
- Ghana
- Guatemala
- India
- Indonesia
- Jamaica
- Kenya
- Moldova
- Mongolia
- Nigeria
- Nepal
- Pakistan
- Philippines
- Romania
- St. Vincent & the Grenadines
- Sudan
- Trinidad & Tabago
- Uganda
- Zambia
- Zimbabwe

It's Time to Give Back

How Project SHARE Has Helped

Donated factor to Daniel A. of Romania, for hip surgery.

Donated factor to Jose V. of Bolivia, for physical therapy. He had been in a wheel chair for over six months.

Donated factor to Seng Heng N. and Seng Long N. of Cambodia, for their knee and elbow bleeds.

Donated factor to Kadir I. of Ghana, who suffered a head bleed.

Sources of Factor Donations

Project SHARE accepts donations of unwanted, in-date factor from all reputable sources, including specialty pharmacies, home care companies, US individuals, HTCs, hemophilia nonprofit organizations, and pharmaceutical companies. For donations from individual patients, a valid medical reason must exist. For example,

- You have changed factor brands.
- You have developed an inhibitor, or for some other medical reason you no longer respond to your current product.
- You have factor that cannot be used before it expires.

Our goal is to recover excess or unwanted factor that would otherwise be destroyed. We accept any number of vials, in any assay size, within days of expiration.

Ancillary Supply Donations

Project SHARE's partnership with International Medical Equipment Collaborative (IMEC) allows donated durable medical equipment and ancillaries to reach qualified medical personnel in developing countries. Our partnership allows Project SHARE to focus on what we do best—shipping factor.

For more information, please contact IMEC directly.

In Gratitude

Special thanks to all who have donated factor to Project SHARE, especially those who donated in memory of a loved one.

Project SHARE is grateful for the continued financial support of our corporate partners:

- ASD Healthcare
- Baxter Healthcare Corporation
- CSL Behring
- Grifols
- New England BioLabs
- Novo Nordisk Inc.
- Octapharma
